 BIC/SWIFT code: BOPIPHMM

Young Focus gives children from poverty-stricken communities the opportunity to develop mentally, socially, emotionally and spiritually by providing education and personal coaching.

# GREETINGS FROM MANILA!

## YOUR SPONSORED STUDENT IS A YEAR OLDER...

You may not be so aware of it when you're sponsoring a student, but, these last years here in Manila I've seen kids growing up into young adults; they were in elementary school, now they're college students! Then you see some of the fruit of what Young Focus is doing through the student sponsorship program: investing in a child gives them the chance to realize their dreams.

We have also seen Young Focus grow, but the essence of what we accomplish together with you and our team remains the same: giving children from the slums the possibility to develop their academic, social and creative talents; giving them a future.

- Paul van Wijgerden, Young Focus Philippines

THANK YOU SO MUCH FOR SPONSORING THIS STUDENT!
